Photographs Successfully Sent By Wire Says Report

(By The Associated Press)

New York, Nov. 14—The New York World tonight announced the successful transmission of four photographs by wire between its office here and the office of the St. Louis Post Dispatch.

Two photographs one of Yale-Princeton football game and the other an airplane view of New York City were sent from New York to St. Louis, and a picture of an Indian Chief and one of a Mississippi steamboat were sent from St. Louis to the World offices. The total time of transmission for one picture was eight minutes.

#### Gasoline Drops one Cent

In announcing a reduction in tank wagon prices of one cent a gallon for gasoline, effective Monday, November 15th, the Standard Oil Company (N. J.) made the following statement:

While there has been no material relief from any of the conditions which brought about the rise in the price of petroleum products, the Standard Oil Company (N. J.) believes that the process of readjustment now under way in the business world must eventually contribute to lower costs of producing and refining oil. To date there has been no lowering of labor costs nor crude oil prices, nor recession in the demand for gasoline. Reductions which have already taken place in many of the principal items entering into the cost of living have for the most part not reached the ultimate consumer, but it is inevitable that before long lower prices will be brought about by new quotations now prevailing in primary markets. The Standard Oil Company (N. J.) believes that this movement towards a restoration of what are popularly considered normal prices should be aided by the oil industry.

#### BODY ARRIVES

They were E. K. Samples, W. M. Campbell, Robt Malcom, C. A. Wade, J. R. Slavn, O. W. Wiley, Fred Gum, Lester Corbett, Bernie Griffin, Russell Colaw, Dennis Bowers, Houston Wimer, Robert Heyener, James Jones.

#### Hundreds of Missionaries Sent Away By Methodists

New York, Nov. 14.—The largest number of new missionaries ever sent to foreign fields in any one year in the history of the Methodist Episcopal Church left the United States during the fiscal year ending November 1, 1920, reports the Board of Foreign Missions of the Methodist Episcopal Church. There were 275.

The largest previous year was 1917 when recruits went abroad for the Methodists. Of those sent this year, 80 were assigned to South America, 69 to China, 50 to India and Burma, 30 to Malaysia, six to Mexico, five to Japan, two to Korea and two to Europe. The list does not include relief workers in European war areas.

The 1920 increase marks the first year of the five-year Centenary program of the Methodists which includes the expenditure of \$115,000,000 in war reconstruction and general expansion of church activities.

#### GAME LAW

At a called meeting of the Board of Supervisors of Highland County, held at the court house of said county on Monday, Nov. 1, 1920, on motion of J. H. Armstrong the regulations proposed at the last regular meeting with reference to the unlawful killing and hunting pheasants, wild turkeys and partridges or quail, and pole cats, was passed by the Board making it unlawful to hunt, kill or capture partridges or quail at any time, and pheasants and wild turkeys at any time except on Tuesday and Saturdays from Nov. 15, till Dec. 15, of each year and also unlawful to hunt, kill or capture stinks or pole cats at any time except during the months of November and December of each year, and the Board does further order that it shall be unlawful to hunt the birds or fowls mentioned in this order with dogs at any time, and it is also ordered that the penalties for the violation of this order shall be the same as those prescribed by section 3356, of the Code of Virginia of 1920.

And it is further ordered that this regulation be published in the Highland Recorder for two weeks, the same order as heretofore prepared having been so published immediately preceding this date.

#### ON THE JOB EVERY DAY

Red-Blooded Men and Women Are Seldom Sick

#### WATCH YOUR BLOOD Condition

If You Look Pale, Feel Gloomy and Run-down, Take Pepto-Mangan and Build Up

You see men and women who are never sick. They work hard, look robust, eat heartily and enjoy life. They have plenty of rich, red blood. That is why they are never ill.

People who try to get along with weak, impoverished blood always have a struggle. They go from one sickness to another. Children the same way. If you keep your blood rich and red you'll enjoy full vigor. Disease has little chance to develop in healthy blood. As soon as you feel run-down take Pepto-Mangan for a while. It will feed your blood with the ingredients needed to create a good supply of red corpuscles.

Pepto-Mangan is sold in both liquid and tablet form. Take either kind you prefer. They are alike in medicinal value. But be sure you get the genuine Pepto-Mangan—"Gude's." The full name, "Gude's Pepto Mangan," should be on the package. Advertisement.
